Building Trust for Effective Collaboration

Custom Experiences

We have more than 20 years of experience co-creating custom, values-based, Leadership programs with our clients. Custom team building programs are designed around your learning and organizational development challenges.

Through mindful interactions and activities with the horses, followed by group dialogue with Certified Equine Facilitators, leaders and team members gain new insights on how to connect and build supportive collaborative relationships for increased team performance.

All Equine Facilitated Learning activities are conducted on the ground, and no previous experience with horses is necessary. The sessions do not include horseback riding.

Introductory Session:

We invite you to book a FREE introductory session and come out to Willaway Farm to meet the facilitators and the herd.

Email: Joanna.Barclay@clg-ap.com or call (613) 327-1801

TESTIMONIALS

"I leave today with well-being thanks to the talented facilitators."

"Greater awareness now for the reciprocal relationship necessary for connection."

"Really fabulous experience. Genuinely made me take a closer look at how my own thoughts/behaviors affect others and reflects back on me."
